

## Seasonal Skin Rejuvenation Facial

Treatment Time Options (25-55 minutes)

*After the summer months, skin is always in need of some TLC typically because of excess sun exposure. This fast-acting seasonal harvest treatment brightens, smooths, hydrates, and nourishes the skin. After just one treatment skin looks healthier, younger and firmer.*

1. **Botanical Purifying Cleanse.** Massage a dime size amount of the **Hippophae Cleansing Milk** over skin, manipulating skin in upward medium pressure circular movements. Remove with wet sponges. Repeat cleanse, this time on moistened skin, massaging with firmer pressure. Remove product with a warm towel and pat dry the skin.
2. **Complexion Brightening Exfoliation I.** Apply **Pumpkin Enzyme Brightening Peel** with a brush over the face, neck and décolleté. Set a timer for 1-3 minutes. You may use a fan over the treated area. Remove with a cold wet towel.
3. **Lifting & Exfoliation II Masque Therapy I.** Apply a quarter size amount of the **Duo-Phase Enzyme Peeling Masque** to the entire treated area. Steam is optional. Leave the masque on for 5-10 minutes depending on the appointment length time. Massage may be performed over the masque during this duration of time. Remove with a warm wet towel.
4. **Extraction if necessary.** Purge skin of any skin impurities or pore plugs, black heads will slide right out following steps 1-3.
5. **Tonic/Freshener I.** Spray the **Cucumber Mint Moisturizing Mist** several inches away from the skin over the entire treatment area.
6. **Brightening & Collagen Boost.** Apply a nickel amount of the **Instant Energizing Oxygen Masque** and rapidly spread with your fingertips to the face and neck. For enhanced results continue by apply a gauze face masque and go over the skin with high frequency. Remove Gauze and follow protocol.
7. **Antioxidant Infusion Masque Therapy II.** Apply evenly a quarter-size amount of the **Pomodoro Dual Action Masque** to the skin with your fingertips. Leave on for 6-12 minutes.
8. **Optional Enhancement.** You may put a gem stone mask over or an LED Panel for additional therapeutic benefits.
9. **Remove Masque.** Before removing, massage gently upward to buff the skin with the jojoba and tomato seeds, then proceed to remove everything with a cool wet towel.
10. **Tonic/Freshener II.** Spray the **Cucumber Mint Moisturizing Mist** several inches away from the face over the entire treatment area.
11. **Age Defying Serum Therapy.** Apply 1-2 pumps of the **Diopin® Wrinkle Diffusing Serum** to the skin. For boosted results use serum with nano-infusion, micro-current or micro-needling.
12. **Stem Cell Eye Lift.** Gently tap the **Stem Cell Eye Complex** on the surrounding eye area to firm, moisturize and repair skin cells.
13. **Hydration Restore.** Apply **HydraVita Skin Restoring Gel** for enhanced moisture and repair on the entire face and neck area. May boost with ice globes.
14. **Vitamin D Dose + Peptide Lift.** Apply a pump full of the **Advanced Repair Complex** as the next layer for an ultimate sun-free vitamin D and hippophae berries nourishment, plus the lifting action of peptides.

*For maximized results repeat treatment every 7-14 days for 3 Months.*
